The Weather was cloudy with a strong breeze but fortunately it stayed dry!

Well done to all those that are claiming new records and personal bests.

Thanks should be extended to the judges for looking after the event, the working party for setting up and making it run smoothly, the caterers for keeping us fed, the scorers for getting the results out, the organizers for, well, organizing, and lastly, for all the archers and their families for turning up and making the event the success that it was.
